14MM DUTCH DESIGN

real wood engineered
flooring

Image represents 3m²

SPECIES:	European Oak
FINISH:	Lacquered
SIZE:	190 x 1820 x 14mm / 3mm wear layer

Colour and grain

Plain sawn boards with open & flared grain and with occasional crotches, swirls and burls.

This classic Dutch flooring benefits from a modern HDF construction, which features the world-renowned Uniclic system.

The pattern is made up of three vertical strips, laid side by side, which are divided by one horizontal strip across the top. This rustic floor is an extremely characterful timber full of life. Mineral streaks and colour variation all add to the authenticity of this stunning wood floor - the oil finish and honey colour is far warmer, highlights character and helps bring nature in to your home.

Ensure the horizontal strips are aligned when installing

Specification	
Board dimensions:	190 x 14mm x 1820mm (3mm wear layer)
Grade:	Rustic 'B/C/D'
